Personal statement

A highly motivated and optimistic flutter developer, I am currently looking to start my professional career after completing my post graduation. Proficient in Flutter and some major database softwares, I can give my one hundred percent to keep the company running smoothly and efficiently. After spending several months of practicing the language and creating some good applications, I am committed to start my professional career on a full-time basis.

Education Background

2018 - present

Pursuing Post-Graduation in IMCA. (2018-23)

2016-18

Secured 1st division in HSC.
